Countertop flip-up extension				S	S	S
Galley Rail countertop material		S				
Pantry	S	S		S		S

a The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.

b Minnie floorplans feature a wide-body design—over 96" in making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

c Your motor home's load capacity is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

d Not all items available in combination. See dealer for details.

e Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

22E 22R 24F 24V 29B 31C 32G

Range Hood ductless w/light & fan	S					
Range Hood vented w/light & fan		S	S	S	S	S
