39K Warranty¹

- S 12-month/15,000-mile basic limited warranty¹; 36-month/36,000-mile warranty on structure¹; 10-year limited parts & labor warranty on roof skin¹**
- The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.
 - Meridian floorplans feature a wide-body design — over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
 - Not all items available in combination. See dealer for details.
 - Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
 - Your motor home's load capacity is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
 - Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to your vehicle's operator's manual for further towing information.
 - See separate chassis warranty details provided in owner's packet.
 - See your dealer for complete warranty information.
